

CONTENTS

Executive Summary.....	vii
SURVEY BACKGROUND AND METHODOLOGY	
1.1. Introduction.....	1
1.2. Background.....	1
1.3. Instrumentation Survey Methodology	2
1.4. Current Panel Survey Methodology (Cycle IV).....	3
1.4.1. Panel Response Rates	4
1.4.2. Changes in Data Collection Procedures	5
1.4.3. Survey Data Reference Periods	5
1.4.4. Sampling Errors	6
1.5. Historically Black Colleges and Universities Survey Methodology	6
1.5.1. Phase 1, Testing.....	7
1.5.2. Phase 2, Data Collection	7
1.5.2.1. Test Methodology	7
1.5.2.2. Standard Errors	8
2. DEPARTMENT DATA EXPENDITURES FOR THE PURCHASE OF ACADEMIC SCIENTIFIC RESEARCH INSTRUMENTATION.....	9
2.1. Summary of Total Expenditures.....	9
2.1.1. Expenditures by Field of Biological Science	10
2.1.2. Expenditures by Type of Institution.....	10
2.2. Sources of Funds	11
2.2.1. Federal Sources	11
2.2.2. Non-Federal Sources	12
2.3. Expenditures for Maintenance/Repair and Operation of Academic Research Instrumentation	12
2.3.1. Total Expenditures.....	12
2.3.1.1. Expenditures by Field of Biological Science.....	13
2.3.1.2. Expenditures by Type of Institution	13
2.3.1.3. Maintenance/Repair.....	14
2.3.1.4. Operation	15
2.3.2. Adequacy of Research Instruments' Maintenance/Repair.....	15
2.3.3. Availability of Resources to Operate Equipment.....	16
2.4. Capability, Needs, Amount, and Adequacy of Academic Scientific Research Instrumentation	17
2.4.1. Changes in Needs for Research Instruments	17
2.4.2. Capability of Academic Research Instruments	18
2.4.3. High-Priority Instrumentation	20
2.4.3.1. Total Estimated Purchase Price of High-Priority Items.....	21
2.4.3.2. Need by Type of Instrument	21
2.4.3.3. Reason Instrument Needed.....	23
2.4.4. Optimal Price Range of Federal Funding	24

3. INSTRUMENT DATA EXPENDITURES FOR THE PURCHASE OF ACADEMIC SCIENTIFIC RESEARCH INSTRUMENTATION	27
3.1. Background.....	27
3.1.1. Data Considerations.....	28
3.1.2. Analytic Approach	29
3.2. General Characteristics of Research Instruments in the Biological Sciences ...	30
3.2.1. Introduction.....	30
3.2.2. Sources of Data	30
3.2.3. Number and Types of Research Instruments in the Biological Sciences	30
3.2.4. Average Age of the Research Instruments in the Biological Sciences.	33
3.2.5. Patterns of Use of Research Instruments in the Biological Sciences ...	36
3.3. Funding to Purchase, Maintain, and Repair the Aggregate Stock of Research Instruments in the Biological Sciences.....	39
3.3.1. Introduction.....	39
3.3.1.1. Sources of Data.....	39
3.3.1.2. Aggregate Stock of Research Instruments	39
3.3.1.3. Total Cost and Location of the Aggregate Stock of Research Instruments in the Biological Sciences in 1993.....	40
3.3.2. Changes in the Distribution of the Number of Instruments and of the Total Cost of the Aggregate Stock of Research Instruments in Biology That Occurred Between 1989 and 1993.....	43
3.3.2.1. Types of Instruments	43
3.3.2.2. Subfields of Biology	44
3.3.2.3. Other Factors	45
3.3.3. Sources of Funds Used to Purchase the Aggregate Stock of Research Instruments in the Biological Sciences in 1993.....	46
3.3.3.1. Funds Provided by NIH for the Aggregate Stock of Research Instruments in the Subfields of Biology in 1993	48
3.3.3.2. Changes Among the Sources of Funds Since 1983.....	49
3.3.3.3. Changes in the Amount of Funds Provided by NIH for the Purchase of Research Instruments Since 1989	49
3.3.4. Expenditures to Maintain and Repair the Aggregate Stock of Research Instruments in the Biological Sciences	50
3.4. Status and Evaluation of Research Instruments in the Biological Sciences	52
3.4.1. Introduction.....	52
3.4.1.1. Sources of Data.....	52
3.4.2. General Working Condition of Research Instruments in Biology in 1993.....	52
3.4.3. Technical Capabilities of the Biological Research Instruments in 1993.....	54

3.4.4. Assessments of the Research Status of Biological Research Instruments	55
3.4.4.1. State-of-the-Art Research Instruments	58
3.4.5. Adequacy of the Maintenance/Repair Provided to Biological Research Instruments in 1993	61
4. DEPARTMENT DATA FOR BIOLOGICAL SCIENCES AT HISTORICALLY BLACK COLLEGES AND UNIVERSITIES	65
4.1. Survey Background and Methodology	65
4.1.1. Profile of Biological Science Units at Historically Black Colleges and Universities	66
4.1.2. Data Considerations	67
4.2. Expenditures for the Purchase, Maintenance/Repair, and Operation of Scientific Research Instrumentation	68
4.2.1. Summary of Total Expenditures and Maintenance/Repair and Operation	68
4.2.2. Expenditures by Type of Institution	69
4.2.3. Expenditures by Institutional Control	70
4.2.4. Expenditures by Size of Department	70
4.2.5. Availability of Resources to Operate Equipment	70
4.2.6. Adequacy of Maintenance/Repair of Research Instruments	71
4.2.7. Sources of Funds	73
4.2.7.1. Federal Sources	73
4.2.7.2. Non-Federal Sources	73
4.3. Capability, Needs, Amount, and Adequacy of Academic Scientific Research Instrumentation	74
4.3.1. Needs for Research Instruments	74
4.3.2. Capability of Academic Research Instruments	75
4.3.3. Inadequate Equipment and Total Cost to Achieve Sufficiency	76
4.3.4. High-Priority Instrumentation	80
4.3.5. Total Estimated Purchase Price of Top-Priority Items	83
4.3.6. Optimal Price Range of Federal Funding	85
5. INSTRUMENT DATA FOR BIOLOGICAL SCIENCES AT HISTORICALLY BLACK COLLEGES AND UNIVERSITIES	87
5.1. Introduction	87
5.1.1. Data Considerations	87
5.2. Analytic Approach	88
5.3. Characteristics of Research Instruments in the Biological Sciences	89
5.3.1. Sources of Data	89
5.3.2. Number and Types of Instruments	89
5.3.3. Age of Research Instruments in the Biological Sciences	90
5.3.4. Patterns of Use of Research Instruments in the Biological Sciences ...	92
5.4. Expenditures for the Purchase, Maintenance, and Repair of Research Instruments in the Biological Sciences at HBCUs	95

5.4.1. Sources of Data	95
5.4.2. Aggregate Stock of Research Instruments	95
5.4.3. Purchase Price of Research Instruments in 1993	96
5.4.4. Source of Funds for the Purchase of Research Instruments	97
5.4.5. Cost of Maintenance and Repair of Research Instruments in the Biological Sciences	99
5.5. Status of Research Instruments in the Biological Sciences	99
5.5.1. Type of Control	99
5.5.2. Type of Institution	100
5.5.3. Major Types of Instruments	100
5.5.4. State-of-the-Art Instruments and Their Current Age	101
5.6. Adequacy of Research Instruments at HBCUs	101

APPENDICES

- A. Detailed Analysis Tables
- B. List of Sampled Institutions
- C. Department/Facility Questionnaire
- D. Instrument Data Sheet
- E. Advisory Panel
- F. Historically Black Colleges and Universities
